OPEN END CREDIT AGREEMENT

Credit from LUCKY'S ENERGY SERVICE is to be convenience credit and is not intended to replace working capital of our customers. By signing below I acknowledge that I fully understand and accept the terms of this agreement. The credit policy of LUCKY'S ENERGY SERVICE for open end credit accounts is as follows and to the extent that any section of this agreement does not conform to the applicable laws of the state this shall not invalidate all other sections of this agreement:

CREDIT APPROVAL

Credit will be extended only to customers who have established credit worthiness, who are not past due, and who are approved by the credit manager and Strategic Services manager. Credit privileges may be suspended at any time. Accounts requesting credit reference information agree to hold harmless and indemnify LUCKY'S ENERGY SERVICE for information provided.

FOR COMMERCIAL CUSTOMERS

Customers will receive an invoice for product at the end of each day for purchases made on that day. Invoices are due and payable thirty days (30) from the original invoice date. Invoices not paid by the 30th day after the original invoice dates are past due and will be assessed a finance charge. A statement will only be generated to show open invoices and accrued finance charges. This is not a bill. Unpaid finance charges become part of the new balance, due upon receipt of the statement. Credit cards will be accepted at no additional charge at point and time of purchase. Credit cards used to pay invoices will incur an additional charge of 3% on the total unpaid balance.

FOR FARM CUSTOMERS

Statements will be generated as of the first of the month for the preceding 30 day period. Statements will show all transactions for the period, the balance carried forward, total of all payments made during the period and the total balance due on the account as of the statement date. All statements are due by the 25th of the month. Those not paid will be assessed a finance charge. A finance charge of 1.8 percent per month (an ANNUAL PERCENTAGE RATE OF 21.6 PERCENT) will be assessed on all unpaid accounts. Credit cards will be accepted at no additional charge at point and time of purchase with the exception of farm chemicals. Credit cards will not be accepted for farm chemical purchases or for prepayment of inputs. Credit cards used to pay statements will incur an additional charge of 3% on the total unpaid balance.

FINANCING CHARGES

A finance charge will be added to all balances thirty (30) days past the original invoice date, until paid, at a rate of 1.8 percent per month (an ANNUAL PERCENTAGE RATE OF 21.6 PERCENT) on all consumer, business and commercial purchases. Except for payments on C.O.D. purchases, payments will be applied first to billed purchases and finance charges on the statement that have remained wholly or partially unpaid for the longest period of time. These finance charges are the only credit service costs except in the event that legal recourse must be taken to recover the account. No annual or other fees apply.

ADJUSTED BALANCE

The finance charge will be computed by applying the periodic rate, shown above, to balance owed on the past due invoice, including unpaid finance charges from the previous billing period, and subtracting payments received and credits issued.

C.O.D. PURCHASES

All customers who have not been approved for credit will be on a cash, credit card, or check basis only. Before customer picks up or receives any delivery of product, the sales order must be paid in full.

DISPUTES AND DEFAULTS

In the event of any controversy or claim arising out of or relating to any sales made, including but not limited to questions regarding authority of the persons who have executed this Credit Application, that such question, controversy, dispute, any alleged default or breach of contract, at the option of LUCKY'S ENERGY SERVICE, shall be submitted to the exclusive venue and jurisdiction of the Circuit Court of Cook County, located in Chicago, Illinois. The judge shall include as part of the award all costs, including reasonable attorney's fees of the non breaching party where it is determined that one of the parties has breached the agreement. This credit application and all terms of sale shall be construed according to the laws of the State of Illinois.
